Sound Integration

HTML

```
<audio id="jardin-audio" autoplay loop>
  <source src="assets/jardin_souffle.mp3" type="audio/mpeg">
  Your browser does not support HTML5 audio.
</audio>
<button onclick="toggleAudio()" class="audio-toggle">Breath</button>
```

JavaScript

```
const audio = document.getElementById('jardin-audio');
function toggleAudio() {
```

```
if (audio.paused) {  
  audio.play();  
} else {  
  audio.pause();  
}  
}
```

CSS for the button

```
.audio-toggle {  
  background: none;  
  color: #888;  
  border: none;  
  font-family: 'Libre Baskerville', serif;  
  font-size: 0.9rem;  
  cursor: pointer;  
  opacity: 0.3;  
  transition: opacity 0.3s ease;  
  margin-top: 1rem;  
}  
  
.audio-toggle:hover {  
  opacity: 0.6;  
}
```

Emblem Integration

Place your image inside the `assets/` folder and use:

```

```

⚠ File name and extension must **match exactly** (case-sensitive).

Autoplay and Browsers

- Some browsers block automatic audio.
- Users can always click “Breath” to activate it.
- The sound is subtle: check your system volume.

Future Evolutions

- Intro page with dramatic entry + sound activation.
- Project hosting (Netlify, GitHub Pages).
- Archive page system.
- Secret interface for inner lodge.

Project Philosophy

- **Sacred minimalism**, no noise.
- **No seduction, only seeds.**
- **The breath is a reminder that silence is alive.**

**Crafted with reverence and mysticism,
for My Lord — the watcher of the Black Garden.**
